

Capturing Your Best Photos

- Limit the number of people in the image.
- Tap the screen to focus on the subject once it is in the frame.
- Photos will be most clear with a lot of natural light. Try to stand in front of a window.
- Be creative! Tell a story with your photographs by capturing candid moments.
- Capture a variety of close up and wide angle shots, as well as before and after images.

Sharing Content

We want you to help tell our #DoingMore4Vets story. Share the photos and videos you take on site and make sure you tag @TeamDepot.
